KAIYI WANG

New York City, NY | kaiyiwan@buffalo.edu | 929-353-8881 | linkedin.com/in/kaiyiwang1

PROFESSIONAL SUMMARY

Motivated economics undergraduate junior with hands-on experience in econometric modeling, Python-based financial analysis, student leadership, and budget management, including a $57,000 budget portfolio.

EDUCATION

SUNY University at Buffalo May 2028
B.S. Economics | Computer Science Minor | Mathematics Minor

Dean's List, Fall 2024 – Spring 2025. GPA: 3.8.

- Relevant Coursework: Econometrics I & II, Financial Economics, Labor Economics, Intro to Python, Intro to Java, Calculus 1, 2 & 3

EXPERIENCE

Vice President of Finance May 2025 – Present
UB Residence Hall Association, Buffalo, NY

- Manage $57,000 annual budget; present allocations to Senate for approval and deliver monthly financial reports
- Oversee annual budgets for all 14 residential hall councils across RHA, approve council funding requests
- Building a web-based inventory-tracking system that enables councils to log and borrow shared event supplies, significantly reducing redundant purchasing costs and supporting RHA's sustainability efforts. Will be deployed Fall 2026. (Live Website)
- Ensure compliance with UB Foundation, FSA, and DIFR policies and enforce budget protocols

Data Analyst Winter 2025 – Present
UB Fed Challenge Team, Buffalo, NY

- Lead quantitative analysis for the policy transmission section, covering financial markets and household stress channels; built Python/pandas FRED API pipeline to pull and visualize 10+ macro series including Treasury yields, credit spreads, mortgage rates, and Fed balance sheet data (Kaggle Notebook)
- Built yield curve spread analysis on monthly panels to assess policy restrictiveness; findings informed team's rate recommendation

Legal Intern Fall 2025
International Institute of Buffalo, NY

- Assisted Lead Attorney on a naturalization case; conducted country conditions research and organized client evidence
- Developed visual overview of Afghan refugee pathways for use in client advocacy materials

Discover Law Scholar May 2025 – June 2025
UB Discover Law Summer Program, Buffalo, NY

- Selected as 1 of 20 scholars nationwide; completed coursework in Contracts, IP Law, Legal Writing, and LSAT prep

PROJECTS

AI & The Education Gap Fall 2024 – Spring 2025
Undergraduate Researcher, UB Department of Economics

- Built a triple-interaction regression model on ~628K CPS observations in Stata, using the Felten Exposure Index to study how AI exposure affects education wage premiums; found sub-BA workers face amplified wage penalties (-10.3%, $p<0.001$)
- Presented findings at UB's Undergraduate Research Showcase, supervised by Prof. McLaughlin, Director of Undergraduate Studies (Poster Here)

U.S. Labor Market Dashboard, *Independent Project* Winter 2025

- Built state-level labor market dashboard in Python (pandas, Plotly, Matplotlib) via FRED API, visualizing COVID shock and recovery patterns for all 50 states and DC (Kaggle Notebook)
- Cleaned unemployment and LFPR data; ran lead/lag analysis comparing S&P 500 returns to NY labor market changes

Hanna Commercial Real Estate Project Feb 2024 – Current
Member, UB Realty Network Club

- Conducted commercial real estate investment analysis by evaluating property conditions, market trends, location factors, and financial metrics to assess investment potential.
- Presented research findings and investment insights to Regional Directors of Hanna Real Estate

UB Gym Girls, *Independent Project (In Progress)* June 2026 – Present

- Designing a two-page web app matching students into workout groups, with a matching form and a drag-select availability calendar, backed by a live Google Sheets database via Apps Script (Live Demo)

SKILLS

Technical: Microsoft Excel, Python (pandas, Plotly, Matplotlib, FRED API), Stata, Java, HubSpot, Hotjar
Research & Analysis: Econometrics, OLS regression, IPUMS microdata, FRED data
